Utah Medicaid Provider:

You are invited to attend the 2002 statewide provider training. The training sessions will include important information regarding:

- Two new benefit plans available to eligible recipients (Primary Care Network and Non-Traditional Medicaid)
- Changes to current Medicaid programs
- Claim processing
- HIPAA updates
- Post payment review.

The sessions are for Medicaid fee for service billing only. HMO questions should be addressed with the individual HMO. Training session locations and times are listed on the back of this page. We request your RSVP for the training location and time desired.

If your office has specific needs which require additional training, office appointments may be scheduled on a first come, first serve basis, coordinated with the statewide provider training locations.

Medicaid has an agenda for the 2002 training; however, we are flexible to include current topics if notified by the providers. If you have any suggestions for training items, please follow the instructions below.

Please submit your RSVP, office appointment request or training topics suggestions to:
